▪ Excerpts from Jonathan Newton (Victoria University of Wellington, New Zealand):

Proust (cited in Phillips, 2002): ‘The real voyage of discovery consists not in seeking new landscapes, but in having new eyes’ (Newton, 2007, p. 1).

“Intercultural teaching relies on an intercultural teacher who models and indeed embodies intercultural values such as curiosity and openness and a willingness to learn alongside the learner” (Newton, 2016, p. 175).
